

# End Cap Mounting Bracket - Type EB

## Information Sheet

### Features

- Slimline Mounting
- Standard Headed Fasteners
- Easy Installation

The Endcap Bracket is a new addition to the range of Guardscan brackets available for the B Series light curtains.

Designed to be used in situations where space is limited, the slimline nature of the Endcap bracket allows the light curtain to be easily mounted in a confined space such as on the external edge of a fixed structure or adjacent to a floor post.

To request this option when ordering your light curtain, please specify 'EB' in your order code.
